

June 2014

Taylor Woodrow International Construction (TWIC) delivers comprehensive services from project inception through to construction, operation and maintenance. The scope of this policy covers the company operations in the United Arab Emirates.

At Taylor Woodrow International Construction we take our environmental responsibilities seriously and strive to minimize the impact of our activities.

As part of our commitment to being environmental leaders within the construction industry, Taylor Woodrow International Construction aim to:

- Comply with all relevant environmental legislation.
- Reduce the use energy, raw materials and waste production whilst increasing biodiversity where opportunities exist, throughout our activities.
- Ensure all staff have an awareness of environmental management, and through our training programme ensure environmental leadership throughout our business.
- Maintain our Environmental Management Systems.
- Continually improve our performance by setting progressive environmental objectives and targets.
- Report annually on progress against meeting our environmental objectives and targets.

This policy will be reviewed annually, and be added adapted if changes to the company occurs. Copies will be posted on all our office notice boards and it will be made available to members of the public via the Taylor Woodrow International Construction website and on request.
